

## **Guidance from ECHA**

The European Chemicals Agency (ECHA) have a COVID-19 page containing information to support companies and member states during this difficult time, see attached.

<https://echa.europa.eu/covid-19>

Echa has also published information on speeding up the supply of disinfectants and identify a list of active substances that fall under PT 1 that can be used in Biocidal products <https://echa.europa.eu/-/speeding-up-the-supply-of-disinfectants>
