Accepted Companies for Calibration of Equipment for use by Equipment Inspectors

All master gauges used by EIs must have a valid annual calibration certificate. This list details all the companies that are accepted for Master gauge calibrations for use by EIs. Master Gauges must be a minimum of 100mm diameter, with minimum requirements with regard to scale unit, accuracy, class required for scale end value specified in ISO 16122:2015.

Master gauges used by EIs that are calibrated by companies not on this list do not meet the requirements of S.I. 155 of 2012: European Communities (Sustainable use of Pesticides), Regulations 2012 and S.I. 438 of 2019 European Communities (Sustainable use of Pesticides) (Amendment) Regulations 2019 and any subsequent amendments to these regulations.

If a company is not on this list and wishes to be included, they should email: pesticideregisters@agriculture.gov.ie.
